NEWSLETTER

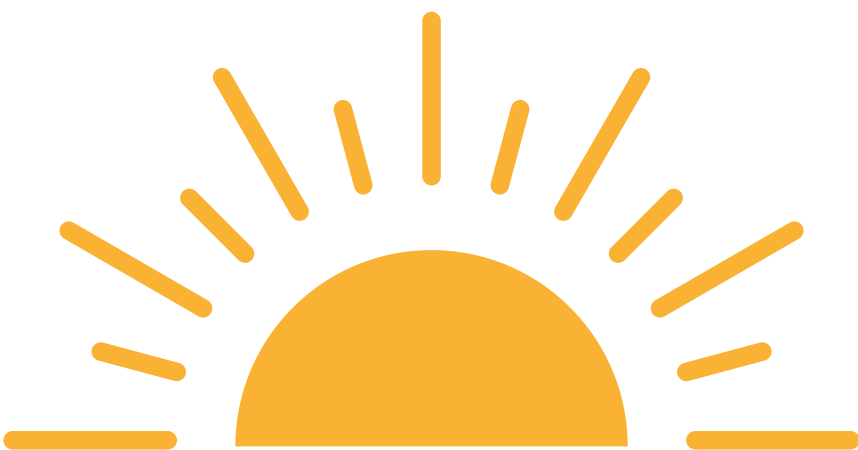

Maidstone Community Support Centre

One of our members has kindly donated a Henry Hoover to the Centre! Can you find Henry's 4 friends hidden throughout this newsletter?

New Solar Panels

Solar Panels have been installed on the Centre's roof as a greener energy source.

FIVE ACRE WOOD'S NEW SINGLE

During April Matt represented MCSC at the launch of the latest track from students at Five Acre Wood School.

‘The loud mouse song’ was released on the school’s very own record label, FAW records. The new song is about embracing individuality and expressing yourself with confidence and pride. It is the first of two new singles the school has lined up, the second is set to be released just in time for Father’s day.

If you want to listen to ‘The loud mouse song’ it is available to stream on Five Acre Wood Records’ YouTube channel and most well know music platforms.

MCSC's Garden

The Centre's Garden is flourishing thanks to the hard work of Grow 19 and Centre Volunteers. It's a great place to sit and enjoy the sun as summer begins.

Makaton Level 2 training course

21 one together are holding a Makaton level 2 training course on the 2nd of July.

Makaton is an augmentative and alternative communication system, using signs and symbols alongside speech and written words to support communication.

All course materials will be provided as well as a certificate upon completion.
