For the past 25 years, Unlock has been helping individuals and those working with them to better understand the complexities of the criminal record disclosure regime.

Our helpline is open from 8.45 until 4.45, Monday to Friday on 01634 247350. Alternatively, you can message or WhatsApp us on 07824 113848.

If you're an organisation supporting clients into education, employment or volunteering then knowing what your clients legally need to disclose can often improve their chances of success. We know that training budgets are stretched and time is valuable, so we've developed a range of training options. This could be a 2-hour online webinar or our more in-depth one-day 'Advising with Conviction' workshop. For further information about any of our training please visit

<https://unlock.org.uk/training/>
